- Qualification Exams pass (Microeconomics, Econometrics)

MS Soochow University, Psychology Jun.2015

- Cognitive and Neuroeconomics Laboratory
- Thesis: How Standard Deviation Affects Choice Behavior in Modified Iowa Gambling Tasks (Advisors: Yao-Chu Chiu and Chin-Hung Lin)

BBA National Central University, Finance Jun.2013

Research Experience

Claremont Graduate University, USA 2018 – 2020

Lab manager (July 2020 – June 2021)

Center for Neuroeconomics Studies, Paul J. Zak

- Neural Diversity Project- Electroencephalography (EEG) data analysis
- Charity Donation Project: Published

Associate Professor, Joshua Tasoff

- Halloween Project: Published

National Central University, Taiwan 2017 – 2018

Full-time Research Assistant

Director: Pin-Huang Chou

- Modified SAS program to analyze and calculate momentum profits
- Collected and analyzed monthly returns of all the equities in major exchanges and cultural data from over 50 countries

Soochow University, Taiwan 2015 – 2017

Lab Manager / Research Assistant

Cognitive and Neuroeconomics Laboratory, Yao-Chu Chiu

- Managed and completed experiments involving over 1300 participants within three years
- Designed and executed over five experiments

Teaching Experience

Sessional Instructor, Department of Economics, McMaster University Fall 2024
Behavioural Economics (with Course Evaluation 8.98/10)

Publications in Refereed Journals

Lin, L. H., Narender, R., & Zak, P. J. (2022). Why people keep watching: neurophysiologic immersion during video consumption increases viewing time and influences behavior. *Frontiers in Behavioral Neuroscience*, 16, 1053053.

Zhang, S., Gomies, M., Bejanyan, N., Fang, Z., Justo, J., Lin, L. H., & Tasoff, J. (2020). Trick for a treat: The effect of costume, identity, and peers on norm violations. *Journal of Economic Behavior & Organization*, 179, 460-474.

Working Paper and Work in Progress

Lin, Li-Hsin, "Give Effort or Give Money: A Public Goods Experiment"

Lin, Li-Hsin, "Moral Hazard and Willingness to Pay: An Insurance Dishonest Experiment"

Conference Presentations and Workshops

Oral Presentation:

"Dishonest Behavior and Willingness to Pay: A Dishonest Experiment"

59th Annual Canadian Economics Association Meetings. May 30, 2025

"Give Effort or Give Money: A Public Goods Experiment" Applied Micro Workshop.

Department of Economics, McMaster University, July 18, 2024

"Give Time or Give Money: A Public Goods Experiment"

58th Annual Canadian Economics Association Meetings. May 31, 2024

"Standard Deviation Affects Choice Behavior in Modified Iowa Gambling Tasks."

2015 Taiwanese Psychological Association Annual Convention and the International Convention of Learning, Teaching, and Assessment. Oct 17, 2015.

Workshops:

The Chicago School in Experimental Economics (CSEE)

The University of Chicago (virtual). August 12 - 16, 2024.

Workshop on Learning, Computational and Bayesian Methods in Experimental Economics. Purdue University, May 1 - 3, 2024

ADDITIONAL SKILLS

Languages: Mandarin (native), English (fluent)

Computers: Stata, LaTeX, SPSS, oTree (Python, JavaScript, HTML), EEGlab, SAS
